Get to Know Our Team

Bob Hartman has been part of our OVP Crews team for more than four years. With a background in news and audio, Bob has done everything from interviews with key political figures to sound mixing at big time concerts (where he can also pick up some pointers since he loves to play the guitar). He's been married for 22 years and you'll often hear him brag about his two daughters. Alex is a senior at Monmouth University who has made the Dean's List each semester and is vp of her sorority. She'll be heading to graduate school for nursing next. Jessica, a senior at Howell High School, is captain of the girls varsity volleyball team which just finished making it to the Shore Conference State Tournament for the first time in six years. She hasn't committed to any college yet, but she just made the OCVBC National Travel Team! Back to the doting dad ... Bob talks to everyone, makes them feel comfortable in front of the camera and knows how to rock the flannel shirt!

Dominic and Kimberly extend their warmest wishes to you for a Happy New Year!
