Welcome to the Spring 2018 OVP Crews Newsletter

With the Spring season approaching, I want to share our 2nd issue of the OVP Crews Newsletter. We are proud to be the premier video production company in the New York/ New Jersey/Pennsylvania areas.

OVP CREWS IN NY, NJ, PA AND BEYOND!

Here are a few of the scenes we've shot over the past few, fun-filled months ...

Our drones are in the air to capture the most breathtaking views. Here's one of our OVP Crews drone over snow covered south Jersey.

OVP Crews took a virtual trip to the Bahamas during Royal Caribbean's media day in NYC. Spectacular sunsets and panoramic views show all the fun awaiting customers at the newly developed CocoCay.

We had the privilege of shooting Super Bowl LII for NFL Network. Even before the fans arrived, you could feel the buzz inside US Bank Stadium in Minneapolis. Having one of our hometown teams playing for the Vince Lombardi trophy was extra special for the OVP Crews team!

+

OVP Crews met up with the Super Bowl Champion Eagles for their parade on the streets of Philadelphia. Bringing the title to PA made us all feel like winners!

A rare shot in front of the camera from the OVP Crews team of Bob, Chuck and Dominic!

We brought you all the news from the annual NFL owners meeting in Orlando with Omar Ruiz, Kim Jones and Steve Wyche for NFL Network.

We spent some time with the Admiral, David Robinson, for NBA Entertainment.

OVP Crews was with the Villanova Basketball Team at Selection Sunday. Just a few weeks later, we celebrated their NCAA Championship win!
